

AUGUST 2022

FLIGHT SCHOOL NEWSLETTER

As our gears pull up into mid-summer, the flight school has not only added two flight instructors BUT also 4 additional G1000 Cessna 172R aircraft. With a high intake of new students mixed with our fast-paced training environment, the flight school fleet is now more equipped to handle your aircraft rental needs. As the Cessna 172S and Cessna 172R models are very similar, the aircraft checkout process can typically be streamlined into one review flight with a flight instructor. After this, you'll be ready for your next adventure to soak up the rest of the summer and fall seasons of good flying weather ahead.

Student Spotlight

William Mickelson has been a line technician at Fargo Jet Center since 11/26/2021 while also pursuing flight lessons at our flight school! While first earning his Private Pilot Certificate on 7/7/2021, he then pressed on to complete his Instrument Rating just a short year later, on 7/20/2022. William is dedicated to his role of servicing all arriving aircraft while continuing on the path to become a flight instructor in the near future! Congratulations on a huge accomplishment and thank you for your hard work at Fargo Jet Center!

Newest Additions

Fargo Jet Center's flight school has added not only one, but TWO new flight instructors to its growing team! Mitchell Carlson joins us as he recently completed his Certified Flight Instructor Certificate while working on our line services team. Jon Jensen completed his flight training at the University of North Dakota and from his previous experience, has already passed five Private Pilot applicants.

Fuel Surcharge

Due to a significant increase in fuel prices, a \$15 fuel surcharge will be added to each flight.

Remember to submit fuel receipts from outlying airports to hfisichella@fargojet.com for account credit!

Join the Flying Club (\$50 a month)

Dues are paid 6 months at a time on January 1st and July 1st. Members joining after the billed month will be pro-rated based on month joined. Membership allows \$20/hr. discount on primary training aircraft and 10% discount on pilot supplies.
